The Commonwealth of Massachusetts.

REPORT.

Headquarters of the Police Department, Office of the Police Commissioner, 154 Berkeley Street, Boston, December 1, 1954.

To His Excellency Christian A. Herter, Governor of the Commonwealth.

YOUR EXCELLENCY:

In compliance with the provisions of Chapter 291, Acts of 1906, as amended, I have the honor to submit the following report of the activities of the Boston Police Department for the year ending November 30, 1954.

The morale of this organization is excellent, and it is a pleasure to express my appreciation to the members of the Department for their loyalty and efficiency in carrying out their assignments.

I extend my sincere thanks to Your Excellency for the support you have given the Department during the past year.

Respectfully submitted,

THOMAS F. SULLIVAN, Police Commissioner.

PRESENTATION OF MEDALS

The Walter Scott Medal for Valor for 1954 and Department Medals of Honor, as recommended by a Police Board of Merit, were awarded at the annual ball of the Boston Police Relief Association, held at the Boston Garden, December 3, 1954, as follows:

The Walter Scott Medal for Valor and a Department Medal of Honor to Patrolman Harold F. MacDonald of Division 10

Patrolman Harold F. MacDonald of Division 10 is hereby awarded the Walter Scott Medal for Valor and a Department Medal of Honor for meritorious duty performed on November 25, 1953.

At 7:00 P.M., Wednesday, November 25, 1953, while Patrolman MacDonald and his partner, Patrolman Francis J. Cardoza, were cruising in Huntington avenue, they received a radio broadcast to be on the lookout for two armed hold up men who had just held up at gun point a cleansing shop on Division 16, and may be using a motor vehicle. Shortly after, they observed a motor vehicle traveling at a high rate of speed and they pursued this car along Huntington avenue into Ruggles street and forced it to the side of the road in Tremont street. As they left the police car to approach the vehicle, the occupant on the passenger side jumped from the car with a revolver in his hand, fired several times point blank at Patrolman MacDonald, one of the shots striking the officer in the chest and severely wounding him. However, in spite of his wound, he grappled with and held on to the second bandit who was behind the wheel of the car until help arrived and brought the officer to the City Hospital and the bandit to the station. Officer Cardoza attempted to catch the bandit who shot Officer MacDonald but lost him. However, he was later captured in Worcester as the result of information furnished them but only after he was seriously wounded in his attempt to shoot his way free.

DEPARTMENT MEDALS OF HONOR

Patrolman Louis G. Caristi of the Superintendent's Office is awarded a Department Medal of Honor for meritorious duty performed on March 20, 1954. At 10:55 A.M., March 20, 1954, while on duty in a department car in the vicinity of the South Boston Army Base, Patrolman Caristi received a radio call relative to a hold up of a liquor store on East Broadway, South Boston. The officer proceeded along L street toward Columbia road, turning right on Columbia road in the direction of Columbia Station and, at a point between K and I streets, observed a man answering the description of the number one suspect walking in the same direction. The officer parked the car and went after the suspect on foot and, seeing the officer, the suspect ran to the opposite side of Columbia road, the beach side, disobeving the officer's command to halt, vaulted the stone wall and landed on the sandy beach. As the officer approached the wall he observed the suspect emptying the pockets of his jacket and trying to bury same in the sand. After a brief struggle the officer took the suspect in custody and ordered him over the wall, at which time two cruising cars arrived and the officers held the suspect while Officer Caristi retrieved the money, bills and coins in the sand. At Division 6 the suspect was identified and later in a line-up was identified as one of the bandits who had held up two liquor stores, one drug store and an attempted robbery of a shoe store.

Patrolman Kenneth G. Lehane of Division 9 is awarded a Department Medal of Honor for meritorious duty performed on April 17, 1954. About 1:10 A.M., April 17, 1954, while Patrolman Lehane was on his way home from a paid detail in his own car, and while making a left turn into Washington street, Dorchester, from Blue Hill avenue, he observed two men coming up Washington street toward Blue Hill avenue. The officer kept these men under observation and observed them push open a wooden door leading into an alley behind a block of stores on Washington street and Blue Hill avenue. The officer parked his car and crossed over the street to the door through which the men had entered. He listened and heard large objects being pushed around and a few minutes later heard an object, later identified as a safe, being rolled down the stairs. The officer called a passing citizen to summon aid while he pushed open the door and entered the alley. He observed a man climbing to the roof of a building and another man standing in the open rear door of a delicatessen, and when the man saw the officer he turned and started running. The officer pursued him up Washington street and overtook him, and after a brief struggle placed him under arrest. At

the station the suspect was identified and admitted that he and three other men had planned to break and enter the building and force open the safe. The other three men were subsequently arrested.

Patrolman Herbert M. Hazelton of Division 11 is awarded a Department Medal of Honor for meritorious duty performed on May 27, 1954. About 1:10 A.M., May 27, 1954, while Patrolman Hazelton was off duty and in uniform while returning from a paid detail, he observed a man acting in a suspicious manner in the vicinity of a clothing store on Washington street, Dorchester. The officer drove his automobile to the rear of Dorchester Court which is directly across the street and kept the suspect under surveillance. The suspect then kicked in the window of the front door of this store and then ran down adjacent Tremlett street and concealed him-Minutes later the suspect returned and entered the self. building through the broken front door window. The officer with drawn revolver went to the front of the store and arrested the suspect as he emerged carrying thirteen suits of men's clothing in his arms. At the station the suspect was identified as one who had a long criminal record dating as far back as 1923, including a sentence of five to twelve years in State Prison for assault with intent to rob and three to five years for breaking and entering in the nighttime. He also served time in San Quentin Prison for burglary.

Sergeant-Detective William C. Williams and Detectives Thomas J. Mahoney and Edwin P. Cashman of the Detective Bureau each is awarded a Department Medal of Honor for meritorious duty performed on June 26, 1954. About 6:10 P.M., June 26, 1954, while Sergeant-Detective Williams with Detectives Mahoney and Cashman were patrolling Divisions 10 and 13, and when in Washington street, near Egleston square, they received a radio message relative to a holdup that had just taken place at a grocery store on Centre street, Jamaica Plain. These officers proceeded immediately toward the scene of the crime, and when in Boylston street near Amory street, observed an automobile traveling in an easterly direction in Boylston street, and when about fifty feet from Amory street collided with the rear end of another car. The operator jumped from the car and made an attempt to run from the scene. Sergeant-Detective Williams and Detective Mahonev gave chase along Boylston street into Amory street

when Detective Mahoney discharged three shots from his service revolver into the air which had the desired effect of stopping the man who stumbled, at which time a .32 caliber German Mauser fell from his person to the sidewalk. The money taken in the holdup was recovered in the rear of the car and at Headquarters the bandit admitted his part in the holdup.

Patrolmen Walter J. Lindsay and Walter C. Libby of Division 1 each is awarded a Department Medal of Honor for meritorious duty performed on August 31, 1954. About 12:25 P.M., August 31, 1954, shortly before the steeple of the Old North Church, Salem street, collapsed and fell to the street, partly on the adjacent buildings causing the roofs of these buildings to collapse, Patrolmen Lindsay and Libby carried from the fourth floor of one building an 82-year-old invalid confined to a wheel chair for the past sixteen years, and also removed a 90-year-old woman who had also been confined to her home for several years. The same officers. with members of the Fire Department and Police Department evacuated about thirty people from the above buildings and about one hundred families from adjoining buildings, and about five minutes after the above people had been evacuated the steeple crashed. At the time of the steeple falling an unknown woman was observed standing in Hull street by Officer Lindsay who, unmindful of the danger to himself, leaped for the woman, pushing her into a doorway, the officer being struck on the back by the falling debris to which he paid no attention. This act no doubt saved the woman from possible death or serious injury, as the spot where she was pushed from was covered with debris from the steeple.

Detective Arthur O'Shea of Division 9 is awarded a Department Medal of Honor for meritorious duty performed on September 23, 1954. On September 23, 1954, about 11:45 A.M., Detective O'Shea received information that a suspicious character, who might be connected with an atrocious murder which took place a month before, had gone to a certain house in the Roxbury District. As there was no time to secure help, Detective O'Shea entered the house where this individual was supposed to be armed, and arrested him. After being questioned by Detective O'Shea, the suspect confessed to the murder and was delivered to the Brighton Station for prosecution.

WORK OF THE DEPARTMENT

Arrests

The total number of arrests, counting each arrest as that of a separate person, was 98,124 as against 93,294 for 1953.

There were 18,496 arrests on warrants and 33,137 without warrants: 46,491 were summoned by the courts.

The number of males arrested was 87,609; of females, 10,515; of foreigners, 2,315; of delinquents, 3,448; of minors, 8,543; of nonresidents, 31,647.

The number of persons punished by fines was 38,167, and the assessment of fines imposed by the courts amounted to \$157,671.00.

The total number of days' attendance at court by officers was 41,725, and the witness fees earned amounted to \$20,142.60.

There were 25,680 persons arrested for drunkenness, an average of 70 per day, as against 26,454 or an average of 72 per day in 1953.

One hundred nineteen persons were committed to the State Prison; 1,951 to the House of Correction; 40 to the Women's Prison; 90 to the Reformatory Prison; and 3,062 to other institutions. The total years of imprisonment were 1,334 (529 sentences were indefinite), including three life sentences to the State Prison.

The value of property taken from prisoners and lodgers was \$144,040.01.

The value of property stolen in the city amounted to \$3,050,739.06, and the value recovered amounted to \$2,314,025.55.

The Commissioner has attempted to find out what percentage of arrests in other cities is of nonresidents. This percentage is so small in other cities that statistics are not kept of this class of arrests; therefore, it should be borne in mind in making comparison of Boston with other cities, either of the cost of policing or of criminal statistics, that 32 per cent of the arrests in Boston is of nonresidents, whereas other cities have but a negligible percentage of arrests of nonresidents.

For the twelve months ending November 30, 1954, as compared with the same period ending with November 30, 1953, a brief comparison of the number of arrests for major offenses may be of interest and is submitted herewith:

DETECTIVE BUREAU

A Detective Bureau was established in the Boston Police Department on November 6, 1950, in accordance with the provisions of Chapter 735, Acts of 1950. Detectives assigned to this Bureau are detailed to the Bureau of Criminal Investigation and the various police divisions.

BUREAU OF CRIMINAL INVESTIGATION

The Bureau of Criminal Investigation is composed of several units, namely, Automobile, Ballistics, Chemical Laboratory, Homicide, Lost and Stolen Property, Identification, Missing Persons, Night Motor Patrol.

In addition, special squads are assigned to cover the following phases of police work and investigations: banking, express thieves, general investigation, holdups, hotels, narcotics, pawnbrokers, junk shops, second-hand articles dealers, pickpockets, shoplifters.

Members of this Bureau investigate felonies committed within the jurisdiction of the City of Boston. They also handle cases of fugitives from justice and conduct hundreds of investigations during the course of a year for various police departments throughout the United States and foreign countries. Further, they cooperate in every way possible with outside police departments in investigation of crime and prosecution of criminals.

AUTOMOBILE UNIT

This unit investigates all reports of automobiles stolen and is in daily communication with police authorities of the United States and Canada. Many investigations are made in cooperation with the Federal Bureau of Investigation, Post Office Department and immigration authorities of the United States.

The automobile unit index contains records of ears stolen in Boston, cars stolen in other places, cars reported purchased and sold, cars for which owners are wanted, cars used by missing persons and cars whose operators are wanted for various offenses. Many arrests are made by officers of the department and the automobile unit through information obtained from this index.

All applications for Used Car Dealer's Licenses are investigated by officers of this unit. Frequent examinations are made to ascertain if used car dealers are conforming to the conditions of their licenses.

Using mechanical appliances and chemicals, members of this unit during the year identified a number of automobiles which were recovered or found abandoned on police divisions, restoring them to their owners, and have assisted in solving many crimes by means of their positive identifications.

LOST AND STOLEN PROPERTY UNIT

A description of all articles reported lost, stolen or found in this city is filed in this unit. Many cities and towns throughout the United States forward lists of property stolen in such places. All pawnbrokers and second-hand dealers submit daily reports of all articles pawned or purchased. A comparison of the description of articles reported lost or stolen and those articles which are pawned or purchased by dealers resulted in the recovery of thousands of dollars' worth of stolen property and the arrest of many thieves.

Pawnshops and second-hand shops are inspected daily, for the purposes of identifying property which may have been stolen.

HOMICIDE UNIT

Officers of this unit investigate all homicide cases and interrogate persons involved in or who have knowledge of erimes of murder, manslaughter, abortion and other violent erimes. They prepare, supervise and present evidence at inquests.

MULTILITH AND MIMEOGRAPH

Installation of a Multilith machine under direct supervision of an experienced operator enables this department to prepare and complete printing of circulars containing photographs and fingerprints of persons either reported missing or wanted for criminal offenses. This Multilith machine is also used to print department forms.

The original investment in this machine has been repaid many times. This machine has proved to be a distinct advantage in efficiency and speed in the issuance of department circulars, which serve a very important function in the apprehension of fugitives from justice.

The Multilith machine is completely equipped with camera, are lights, vacuum frame, which add to the varied output of this machine. This machine is capable of printing in approximately two hours' time, descriptive circulars of persons wanted. In some instances circulars are completed and mailed to outside cities before a fugitive arrives at his destination.

This unit, in addition to the Multilith machine, has a highspeed electric addressograph machine, and also an electric mimeograph machine. The mimeograph machine was used to make daily manifolds, warrant manifolds, bulletins, circular letters for the Bureau of Criminal Investigation and other units and divisions, and Police School lessons.

The Multilith machine was used to make department forms, letters and circulars.

BALLISTICS UNIT

Personnel consists of members of the Bureau of Criminal Investigation expert in ballistics, explosives and munitions. All evidence found at the scene of crime where firearms or explosives were used is examined. Suspected weapons are catalogued, fired for test and comparison purposes, and spent bullets and discharged cases from these weapons are filed. Cases involving ballistic evidence are prepared and presented in the various courts.

All department firearms, accessories pertaining to same, and tear gas equipment have been inspected and serviced.

All firearms held as evidence pending disposition by the courts are recorded.

Stolen firearms are traced and whenever possible are returned to the rightful owners. A file is kept on stolen firearms and checks are made against the file at the Lost and Stolen Property Unit and at the files of the Massachusetts Department of Public Safety.

When firearms, property of the United States, are found used in crime or recovered otherwise, such property is returned to the proper military or naval authorities after cases are disposed of by the courts.

This unit works in cooperation with other police departments, federal agencies, military and naval intelligence units.

EMERGENCY EQUIPMENT

All police divisions and several units have on hand a supply of emergency equipment consisting of 12-gauge riot shotguns, ammunition, belts with bayonets attached, bullet-proof vests, tear gas gun kit and assembly, and gas masks which provide complete respiratory protection for the wearer in all oxygendeficient or highly gaseous atmospheres.

Harbor Police Division is equipped with line-throwing guns and rifles.

Periodic inspections are made and equipment replaced whenever necessary.

TRAFFIC DIVISION

The Traffic Division embraces that area of the city which lies within the jurisdiction of Divisions 1, 2, 3, and 4. Prior to June 28, 1954, it included also the area comprising Division 16 and the traffic post at Boston University bridge, Division 14, which, on that date, reverted to the respective divisions.

The Traffic Division enforces all statutes, ordinances, rules and regulations pertaining to traffic within the area of its jurisdiction. It processes parking violation notices for the entire department. It provides a program of safety education.

ACTIVITIES

An increase in the volume of traffic was noted during the past year. The Registrar of Motor Vehicles reports total plates issued at October 31, 1954, amounted to 1,488,884, as against a figure of 1,431,053 at the corresponding time in 1953.

Construction of the John F. Fitzgerald Expressway is now in full swing with activity along the entire structure from the North Station to Fort Hill square. Demolition activity has begun in the next section to be undertaken, presently between Oliver street and Dewey square.

A limited section of the expressway, between the Charles-Nashua-Leverett streets rotary and North street, was opened to traffic October 29, 1954. It is expected that the entire section between the North Station and Fort Hill square will be in service by late Spring, 1955.

The opening of the expressway showed an immediate beneficial effect in the ground level traffic of the North Station area. However, congestion was noted on the North street end of the run, which terminates at the intersection of Blackstone street, where ground level construction is as yet incomplete. This situation should adjust itself as construction is completed and the expressway extended.

Despite this extensive construction program, traffic has moved remarkably close to the normal pattern.

The usual parades were conducted as in former years with the exception of the Columbus Day parade which, as is customary, is conducted on the alternate years in East Boston. The usual traffic congestion was experienced during the Veterans' Day parade, Thursday, November 11, 1954. Most retail stores opened for business at 1:00 P.M., and attracted great numbers of shoppers. The parade, starting at 2:00 P.M., is routed through the heart of the shopping district.

Notable visitors to our city, for whom escort service was provided by the Traffic Division, included President Eisenhower, Vice-President Nixon, Presidential Assistant Sherman Adams, the Emperor of Ethiopia, the Ambassadors of Korea and of Ireland, the Governors of Maine and Maryland, Senator Bridges, Admiral Strauss, the Commanders of the Marine Corps League and of the Veterans of Foreign Wars, the Imperial Potentate of the Shriners of North America, James Melton, Jehovah Witnesses and many others.

PARKING

Parking violation notices issued by the Traffic Division for the year ended November 30, 1954, amounted to 505,979, a gain of 48,573 over the preceding year and an all-time high for the department. Of this figure, 283,527 were reported by officers of the Traffic Division, the balance by officers of the other divisions of the department.

Revenue from parking violations in the Central Municipat jurisdiction amounted to \$405,006.15 for the year ended November 30, 1954. Parking meter revenue for the same period amounted to \$594,712.14.

The 8:00-9:30 A.M. parking regulation in the downtown section of the city, adopted on a 60-day trial basis November 9. 1953, has now been made permanent. The successful enforcement of a regulation of this type requires the services of a great many officers but the results obtained in the form of a lighter early morning traffic load plus the availability of more parking spaces for the shopping public would seem to make it well worth the effort involved.

At the present time there are three City of Boston off-street parking facilities in full-scale operation and the construction of several more is under active consideration. Consideration is being given also to the possibility of utilizing the area under the new expressway for parking purposes.

SAFETY EDUCATION

The Traffic Division conducts a Safety Education program which reaches into all the schools of the city, private, parochial and public. The officers of the M-1 Safety Squad fulfill a complete schedule of safety talks and demonstrations in the various schools and continue their work in the playgrounds during the school vacation periods.

The weekly half-hour radio program, supervised by these officers in conjunction with the teachers of the various schools, was continued this year through the facilities of Radio Station WMEX. This program features the children of our schools who take active part in the production and presentation of plays on the general theme of safety.

No effort is spared to make our children safety conscious and thus reduce to a minimum the accidents which can so easily maim or kill them. The very favorable accident record of our city attests in no small measure to the success of these efforts.

TRAFFIC PROBLEMS

As new sections of the expressway are opened to travel, we are faced with the problem of adapting our traffic setup to provide for a changing pattern of traffic flow. This picture will continue to change from time to time as the work progresses until the expressway is completed in its entirety and a permanent pattern of traffic flow is established.

The conflict of parades with "business as usual" conditions in the heart of the city continues as a serious traffic problem.

Illegal parking, despite record enforcement, constitutes our major traffic problem and indicates the need of a stiffer schedule of penalties. The tow law, recently enacted, might prove of considerable importance in attacking this problem.

BUREAU OF OPERATIONS

DUTIES

The Bureau of Operations has control of all communications equipment, consisting of telephone, teletype, radio and telegraph, and through its facilities has directed movement of radio cars, police boats and ambulances.

Accomplishments

During the period from December 1, 1953, to November 30, 1954, personnel of the Bureau of Operations managed transmission, reception and handling of:

312,746 outgoing telephone messages and 4,342 toll calls made by the department through our switchboard.

Approximately 441,350 emergency telephone messages received and handled at the "Turret" through either "DE 8-1212" or the department intercommunicating system.

Approximately 420,400 telephone messages received through our switchboard, many of which were transferred to the "Turret" for handling.

184,352 teletype messages and 904 telegrams were processed; 12,661 of these teletype messages related to missing persons.

9,456 automobiles and registration plates were reported lost or stolen and 6,748 were reported recovered.

464,161 radio messages were sent, including "Sound Scriber" recording of same.

Four (4) main transmitters (Station KCA-860, 2 at Police Headquarters and 2 at Suffolk County Court House); 2 emergency transmitters at White Stadium, Jamaica Plain, for eivilian defense; 111 automobiles; 30 combination patrolwagon ambulances and 4 boat transmitters and receivers; 36 wired broadcast amplifiers; 8 pickup receivers and 5 receivers on motorcycles were maintained and kept in repair by members of this unit.

An inter-city radio transmitter and receiver which is tuned in to a frequency with the State Police, Metropolitan Police, Brookline, Barnstable County, Newton, Quincy, Reading and Revere is now in operation in this unit and is used for emergency messages with those departments.

An inter-departmental radio transmitter and receiver is in operation between the several stations or divisions of this department to be used in case of emergency such as failure of communication facilities, as in the case of the fire on the Dover Street Bridge where communication between the department and Division 6 was impaired, also in the case of the Hurricanes "Carol" and "Edna" when our telephone system was overloaded.

A radio shop is attached to the Department Automobile Maintenance Shop, where a 24-hour daily service is maintained.

CRIME PREVENTION BUREAU

The Crime Prevention Bureau operates for the prevention of delinquency among juveniles, and maintains a program of rehabilitation for maladjusted children.

DUTIES IN GENERAL

1. Develop a program of crime prevention, intended to eliminate factors that induce criminal tendencies among children.

2. In this program, enlist aid of the public, interested agencies and divisions and units of this department.

3. Teach good citizenship, develop a proper mental attitude of citizens toward law-enforcement agencies, and especially educate the public and the police in the problem of crime prevention and suppression.

4. Determine persons and places which in any way contribute to delinquency of children; investigating and taking necessary action to correct such conditions.

5. Supervise and inspect places of public amusement.

6. Promote welfare of children, the sick, the aged and the needy; locating missing persons.

7. Investigate cases concerning boys and girls and assist in the investigation of cases where women are involved.

SUMMARY OF WORK ACCOMPLISHED

Inspections and Investigations

During the past year there were 11,728 inspections by the personnel of this bureau in connection with the following places:

Bus and railroad terminals	Hotels
Cafes	Theatres and amusement
Restaurants	centers
Dance halls	

Six hundred seven investigations involving women, young girls and children were completed.

CITY PRISON

The City Prison is located in the new Court House building, Somerset street, Boston.

Males arrested in the city for offenses, the prosecution of which is within jurisdiction of the Central Municipal Court, are conveyed to the City Prison, and, unless otherwise released, are held in charge of the keeper until the next session of the court before which they are to appear.

If sentenced to imprisonment, or held for a grand jury, they are conveyed by county authorities to the jail or institution to which they have been sentenced, or to the Charles Street Jail to await such grand jury action.

During the year, December 1, 1953, to November 30, 1954, 13,124 men were committed to the City Prison, as follows:

POLICE SIGNAL SYSTEM

SIGNAL BOXES

The total number of boxes in use is 571. Of these 495 are connected with the underground system and 76 with the overhead.

MISCELLANEOUS WORK

In the past year employees of this service responded to 2,001 trouble calls; inspected 571 signal boxes; 16 signal desks; 18 motor generator sets; 400 storage batteries. Repairs have been made on 85 box movements; 16 registers; 85 locks; 10 time stamps; 12 vibrator bells; 40 relays; 15 electric fans; 22 motors; 19 generators. This unit is responsible for the installation and maintenance of all electric wiring and equipment at all police buildings.

Connected with the police signal boxes are 64 signal, 571 telephone and 68 blinker-light circuits.

The Signal Service unit supervises all telephone and teletype installations and minor teletype repairs throughout the department. It also maintains 48 Headquarters-to-station house telephone circuits; 18 teletype-writer circuits, 18 radio-wired broadcast circuits, 6 radio-car response circuits; a circuit, with equipment, at the Charlesbank station of the Metropolitan District Police; also a circuit, with equipment, in booth at the East Boston end of the Summer Tunnel; and the intercommunication units throughout the department.

The following comprises the property of the signal service unit:

- 16 open circuit blinker-type signal P.B.X. desks
- 717 circuits
- 33 test boxes
- 400 cells of storage-type battery
- 2,000 taxicab signs
 - 30 traffic booths
 - 571 police signal boxes
 - 20 battery-charging units
- 835,000 feet of underground cable
- 160,500 feet of overhead cable
 - 36,480 feet of duct
 - 80 manholes
 - $22 \mod \text{generator sets}$
 - 18 motor-driven flashers

300 iron road horses

HORSES

On November 30, 1953, there were 15 saddle horses in the service, attached to Division 16. During the year, three (3) horses were retired to the Angell Memorial Animal Hospital. There are now twelve (12) horses in the service, attached to Division 16.

HACKNEY CARRIAGES

Chapter 392 of the Acts of 1930, as amended, limits the number of licenses to set up and use backney carriages in the City of Boston to 1,525.

During the police year, December 1, 1953, to November 30, 1954, due to changes of ownership and regrants, a total of *2,004 licenses were granted.

There were 274 articles, consisting of umbrellas, coats, handbags, etc., found in carriages during the year, which were turned over to the office of Inspector of Carriages. One hundred twelve of these were restored to the owners, and the balance of 159 placed in the custody of the Property Clerk.

The following statement gives details concerning public hackney carriages, as well as licenses to drive the same:

Public Taxicab Stands

There are 486 established public taxicab stands, with capacity for 1.267 cabs, at the present time.

Private Hackney Stands

Chapter 392 of the Acts of 1930 provides for the occupation of private hackney stands (that is, upon private property) by licensed hackney carriage owners.

During the year, 27 applications (capacity, 426 carriages) for such private hackney stands were granted.

Sight-Seeing Automobiles

During the year ending November 30, 1954, there have been issued licenses for 27 sight-seeing automobiles and 16 designated stands (capacity, 18 automobiles) for same. One application for license to set up and use sight-seeing automobile was rejected.

There were 29 sight-seeing drivers' licenses granted.

Hackney Carriage Violations

During the past year, 652 tags were issued to taxicab drivers for various violations. Sixty-five penalties were imposed, which included 38 revocations. This system of discipline has continued to result in relieving courts of many minor cases which would tend to congest their dockets. 1954.]

The Election Commissioners sent to the Police Department for delivery 9,170 summonses to persons for jury service.

SPECIAL POLICE

Special police are appointed to serve without pay from the city, on a written application of any officer or board in charge of a department of the City of Boston, or on the application of any responsible corporation or person, to be liable for the official misconduct of the person appointed.

"New" applicants for appointment as special policemen for the year commencing as of April 1, 1954, were fingerprinted by the department, as has been the custom, and their records, if any, searched for by the Bureau of Criminal Investigation.

During the year ending November 30, 1954, there were 1,167 special police officers appointed; 3 applications for appointment were refused for cause; 12 appointments were canceled for nonpayment of license fee; and 5 appointments were canceled for other reasons.

Appointments were made on applications received as follows:

PROPERTY CLERK

The Property Clerk's office is charged with the care of all police buildings, lost, stolen and abandoned property, money or other property alleged to have been illegally obtained, and all articles and property taken from persons arrested for any cause. In its custody are also placed all seized liquor and gaming implements which come into the possession of the department.

All orders for supplies, building maintenance, uniforms and equipment are issued by this office.

During the year 194 motor vehicles came into custody of this office, 77 vehicles were returned to legitimate claimants and 77 vehicles were sold at public auction. There are now 73 motor vehicles in custody.

A maintenance shop for the servicing of department automobiles is in operation on a 24-hour basis. During the year, on 6,004 occasions, department cars were repaired and, on 1,926 occasions, cars were serviced. Forty-six department cars and 198 privately-owned cars were towed by the department wrecker. The department operates a motorcycle repair shop where, on 361 occasions, motorcycles were repaired and serviced during the year.

The Supervisor of Automotive Equipment is responsible for the inspection of all department vehicles, all garages in the various divisions, and is required to investigate and report on all accidents involving department vehicles.
